[^] Recommended Spring-Balanced door must not exceed 20kg.

ACCESSORIES

PE SAFETY BEAMS*

For added safety, this allows the garage door to automatically reverse when its sensory light beam is broken by an obstruction, helping to protect your family from injury and your car from the damage caused by contact.

WIRELESS KEYPAD

Weatherproof digital keypad with cover which can be programmed with codes from 1 to 6 digits. Includes back-light for your convenience when used in poor lighting situations.

EC04 REMOTE HANDSET

Comes with 4 buttons which act as multi-functional hand transmitters. It can also be programmed to open different garage doors or gates on the one-handset.

WALL SWITCH*

Can be installed near an internal access door to your garage giving you greater convenience to open and close your garage door.

VEHICLE SUN VISOR REMOTE*

For the convenience of clipping onto your vehicles visor. Operates up to 3 Garage Door Openers.
